

To whom it may concern?

I've read a proposed possible bill to affect East Norwalk.

I oppose HB 549 to develop more housing near transportation hubs. No more developing in this community. It's tight enough

I oppose HBf 5361 allowing non residents to pay to park and get into our Calf Pasture & Shady beaches. These are our beaches and shouldn't allow outsiders pay and come in. They did a great job cleaning up the beaches and outsider would make them dirty.

Respectfully yours,

Rita Faber
